NEW AUGUSTA NURSERY, INC.
H.J. Schnitzius M.J. Bareither
Indianapolis 44, Indiana

5000 W. 59th Street

BUY FRESHLY DUG PLANTS FROM A LOCAL NURSERY AND ENJOY THE DIFFERENCE

WHOLESALE PRICE LIST

FALL 1953-SPRING 1954

Field grown plants dug fresh to order.

We make no guarantee on any plants other than that they are true to name, and of size claimed, and in no case will we be responsible other than the purchase price of the plant.

Prices quoted are net, cash, for field grown plants, at the nursery. For delivery on retail orders of \$10.00 or more, add 20% to purchase price.

NEW AUGUSTA NURSERY IS LOCATED ON WEST 59th STREET. Drive west on Kessler Boulevard, continuing west on 56th Street at Broadmoor Golf Course, to Moller Road (2nd road west of Big 4 R.R.). Turn north to 59th Street (1st road) and go east to Nursery.

For the convenience of those clients who have limited time outside business hours, we keep the nursery open on Sundays and evenings from September 1 to December 1, and from March 1 to June 15. Open on these days at other times only on appointment.

Rhubarb, asparagus, raspberries, currants, gooseberries, etc., are available only in the Spring season. Ask for special Spring list.

Strawberries - direct from grower - including RED RICH.

Each fall we import a limited quantity of the best Holland bulbs obtainable. These are available about October 1. Tulips, Hyacinths, Crocus, Daffodils, Eranthis, etc., in variety. Ask for special bulb list.

ROSES. Potted Hybrid Teas, polyanthas, climbers, etc., available in best varieties about May 10, 1954. Call or write for list.

ANNUALS. Ageratum, Asters, Celosia, Scarlet Sage, Snapdragon, Marigold, Sweet Alyssum, Zinnias, etc., in many varieties and colors. Available after May 15, 1953. \$5.00 per hundred in flats or by the dozen.

SPECIALTIES. In addition to the regular lists, we are trying to make available to a discriminating clientele, a number of the scarcer varieties and grades of shrubs and evergreens. Personal contact with the better nurseries in the country enable us to secure many items not ordinarily available.

This list cancels all previous prices.

We are members of the:
INDIANAPOLIS LANDSCAPE ASSOCIATION
INDIANA ASSOCIATION OF NURSERYMEN
AMERICAN ASSOCIATION OF NURSERYMEN

We invite your inspection of our nursery. Our shrubs are planted far enough apart in rows so that they can grow into a shrub before you get them. Heavy, full topped plants, fresh dug to order. There is no comparison between these plants and the dried out dormant plants from storage. In excellent assortment for local climate and conditions.

1. The first step in the process of identifying a problem is to determine whether a problem exists. This is often done by comparing current performance with a desired state or goal. If there is a discrepancy, a problem exists.
